

# Keeping ourselves safe at School during Covid-19

St. Stephen's School  
and Children's Centre  
*Learning for life*

*To keep everyone safe, things at school will be a little bit different.*

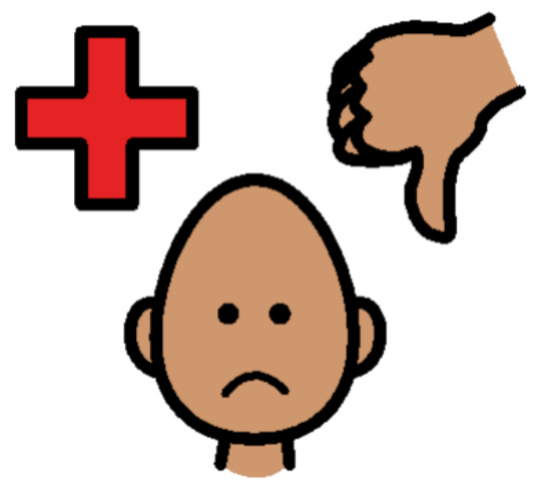

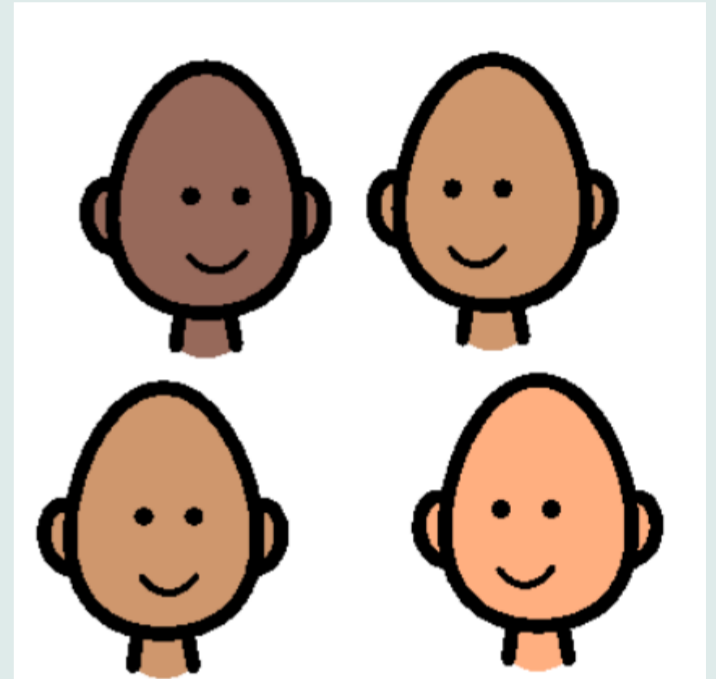

## Germs

We need to be careful so that we don't spread germs at school

## Small Groups

Students who come to school will attend in small groups

## Feeling Sick?

Anyone who is sick needs to self-isolate at home so they don't get others sick.

## Wash your hands

Everyone that enters school needs to wash their hands with soap for 20 seconds.

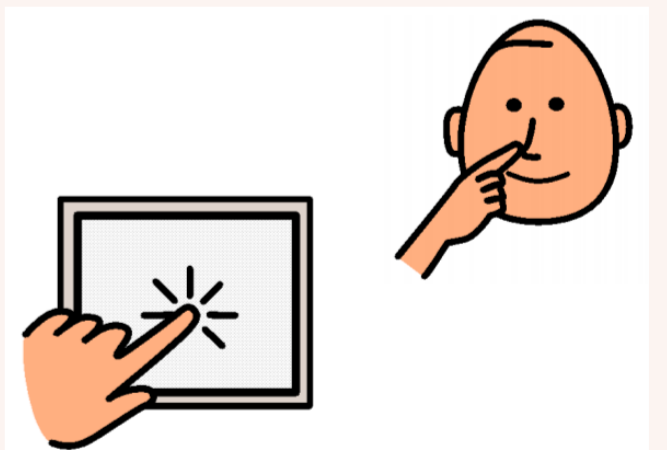

## Equipment

We will **not** be able to share equipment at school.

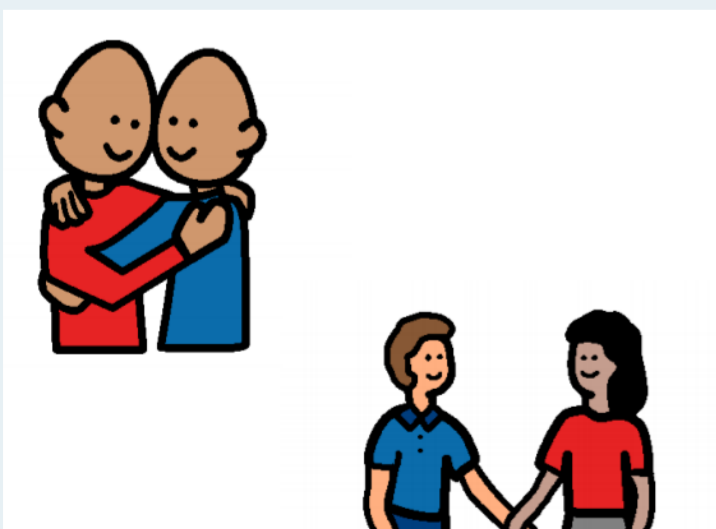

## Try not to TOUCH

We need to **limit** the things that we touch so that we don't spread germs.

## Being around others

We will **not** be able to hug others or hold hands with others at school.

## Change isn't forever

These changes are **temporary**. They will not last forever!
